

CRYSTAL CLEAR WSC AGREEMENT FOR TEMPORARY WATER SERVICE

The water utility service applicant indicated below (“Customer”) has applied for water utility service from Crystal Clear Water Supply Corporation (“Utility”) at the service location indicated below. Under state public health and water utility service regulations [30 TAC 290.46(j)], Utility may not provide continuous potable water utility service to any new construction, to any existing service location where significant plumbing modifications have been made, or to any location where Utility has reason to believe that a cross-connection or other undesirable or unsafe condition exists until the service applicant or customer presents Utility with an executed Customer Service Inspection Certificate (30 TAC 290.47-Appendix D). It is Customer’s sole obligation and responsibility, at his/her expense, to have the necessary inspection performed by a properly licensed inspector.

Notwithstanding this inspection requirement before permanent water service can be provided, Utility is allowed to provide Customer with temporary water service for construction purposes only. Utility agrees to provide such temporary construction water service at its standard rates and conditions of service upon Customer’s agreement that:

- 1. The water service provided will be used for construction or landscaping purposes only.**
- 2. The water provided will not be consumed by humans or animals.**
- 3. Customer will notify Utility in writing when to initiate the temporary construction service.**
- 4. Customer will notify Utility in writing when construction at the indicated service location has ended,**
- 5. Customer agrees not to occupy or reside in the indicated service location until Customer has delivered a fully executed Customer Service Inspection Certificate to Utility.**

If Customer fails to abide by any provision of this agreement, water service to the indicated service location will be terminated and will not be restored under any circumstances until a fully executed Customer Service Inspection Certificate has been delivered to Utility. Termination will be made without notice if, in the opinion of Utility’s licensed operator(s), Customer’s service creates an immediate hazard to public health and safety. If no such hazard exists, Customer shall be notified and given a limited time to come into compliance. Utility’s state-approved reconnect fee will be charged as a condition of service restoration if temporary water service is terminated for breach of this agreement.
